Lack-Polish grün P1.01
Finish polish

Lack-Polish grün protects, maintains and refines new and as new paintwork. The finish with Lack-Polish grün will give the paintwork a depth of gloss and colour that is exceptional. The treated paintwork is protected for a long period against adverse environmental factors. Lack-Polish grün is very easy and time-saving to use, and is suitable for all paint types. With Daimler approval.
Cut: 1,0
Gloss: 9,5

Areas of use
Paintwork of cars, commercial vehicles, motor cycles, etc.

Recommendations for use
Apply Lack-Polish grün in an even thin film either mechanically (ideally with an orbital polisher) with our black finishing pad, or manually with a similarly soft pad. To finish, buff any polish residues to a mirror finish with a Profi microfibre cloth. If an abrasive effect is required, use the polish with a medium-hard yellow machine polishing pad and a rotary polisher.
